- If all required courses have been completed, coursework is optional.
- Students are primarily working on practicum projects and thesis.
- Students may graduate any quarter once coursework, practicum and thesis requirements have been completed.
- The most common graduation quarter is spring of a student's second year; an annual graduation event takes place in early June.

#### Credit, grading, and registration requirements - see also the Graduate School's Master's Degree Policies

- All degree requirements must be met within six years.
- A minimum cumulative GPA of 3.0 is required to graduate.
- A course grade of 2.7 and above is considered passing, a course grade below 2.7 does not count toward the 63 credits.
- If a student repeats a non-repeatable class, only one set of credits counts toward the credit total.
- The MPH degree requires 63 total credits.
- At least 18 credits must be in courses numbered 500 and above.
- At least 18 credits must be numerically-graded.
- Required In-classroom courses MUST be taken for a numerical grade when offered.
- No more than 6 graduate level quarter credits can be transferred from other academic institutions.
- No more than 12 UW Graduate Non-matriculated credits can be applied.
- No more than 12 credits from any combination of UW Graduate Non-matriculated credits and transfer credits can be applied.
- Students must maintain registration through the end of the quarter in which the degree is conferred.
