

University of Washington – Department of Global Health
Master of Public Health – Health Metrics and Evaluation

Degree requirements: 63 credits total, which include 18 numerically-graded, graduate course credits and a total of 30 credits from graduate-level course; 20 Departmental course credits; and a minimum of 9 thesis credits and 6 practicum credits. Minimum acceptable course grade is 2.7 overall and PGA required to graduate is 3.0. All courses indicated by * must be taken for a numerical grade

Requirements	Course	Credits	Completed
SPHCM Requirements	BIOST 511* <i>or</i> BIOSTAT 517	4	
	ENVH 511*	3	
	EPI 511* <i>or</i> EPI 512 & EPI 513	4	
	HSERV 510*	3	
	GH 511*	4	
	GH 595 (Practicum)	6	
	GH 700 (Thesis)	9	
HME Track Requirements	GH 592B (HME Track Seminar)	3	
	GH 539 (Research Methods)	2	
	GH 590A* (Mortality Analysis for Global Health) <i>or</i> GH590G* (Global Burden of Disease)	3	
	GH 592A (Thesis Workshop)	1	
Electives	Various Methods Courses <i>Examples include:</i> BIOSTAT 515: Biostatistics II HSERV 522: Health program evaluation HSERV 523/524/525: Advanced research methods I, II and III POLS/ CSSS 510: Maximum Likelihood Methods for the Social Sciences POLS/CSSS 560: Hierarchical Modeling POLS 503: Advanced Quantitative Political Methodology POLS 564: Bayesian Statistics for the Social Sciences STATS 538: Statistical Computing	21	
Minimum Total Credits		63
